LIST OF CONTENTS—VOLUME 17

NUMBER 1

Editorial R. T. RUBIN	1	1992 Miscellany
Review T. R. INSEL	3	Oxytocin — a neuropeptide for affiliation: evidence from behavioral, receptor autoradiographic, and comparative studies
Reports D. J. KUPFER, D. B. JARRETT and C. L. EHLERS	37	The effect of SRIF on the EEG sleep of normal men
L. BUYDENS-BRANCHEY and M. H. BRANCHEY	45	Cortisol in alcoholics with a disordered aggression control
M. HASSLER	55	Creative musical behavior and sex hormones: musical talent and spatial ability in the two sexes
R. DE BEUN, R. P. W. HEINSBROEK, J. L. SLANGEN and N. E. VAN DE POLL	71	Dose-dependent and time-related stimulus properties of LHRH in male but not in female rats
P. MONTELEONE, A. FUSCHINO, G. NOLFE and M. MAJ	81	Temporal relationship between melatonin and cortisol responses to nighttime physical stress in humans
N. R. BEST, M. P. REES, D. H. BARLOW and P. J. COWEN	87	Effect of estradiol implant on noradrenergic function and mood in menopausal subjects
Short Communication L. C. WOOD and D. S. COOPER	95	Autoimmune thyroid disease, left-handedness, and developmental dyslexia
Announcements	101

NUMBER 2/3

Editorial

R. T. RUBIN — i — Changing times — a time for change

Reports

S. MACCARI, P. MORMÈDE, P. V. PIAZZA, H. SIMON, L. ANGELUCCI and M. LE MOAL — 103 — Hippocampal type I and type II corticosteroid receptors are modulated by central noradrenergic systems

M. F. CHEN, T. H. CHIU and E. H. Y. LEE — 113 — Noradrenergic mediation of the memory-enhancing effect of corticotropin-releasing factor in the locus coeruleus of rats

K. P. BRISKI and P. W. SYLVESTER — 125 — Differential impact of naltrexone on luteinizing hormone release during single versus repetitive exposure to restraint stress

F. CHAOULOFF, S. H. GUNN and J. B. YOUNG — 135 — Serotonin does not mediate the adrenal catecholamine-releasing effect of acute lithium administration in rats

F. CHIAPPELLI, G. J. GORMLEY, H. E. GWIRSTMAN, M. T. LOWY, L.-D. NGUYEN, L. NGUYEN, I. ESMAIL, M. STROBER and H. WEINER — 145 — Effects of intravenous and oral dexamethasone on selected lymphocyte subpopulations in normal subjects

R. W. DITTMANN, M. E. KAPPES and M. H. KAPPES — 153 — Sexual behavior in adolescent and adult females with congenital adrenal hyperplasia

A. WELLER and L. WELLER — 171 — Menstrual synchrony in female couples

P. A. KEENAN, R. A. STERN, D. S. JANOWSKY and C. A. PEDERSEN — 179 — Psychological aspects of premenstrual syndrome I: cognition and memory

P. A. KEENAN, L. A. LINDAMER and S. K. JONG — 189 — Psychological aspects of premenstrual syndrome II: utility of standardized measures

E. ERIKSSON, C. SUNDBLAD, P. LISJÖ, K. MODIGH and B. ANDERSCH — 195 — Serum levels of androgens are higher in women with premenstrual irritability and dysphoria than in controls

N. E. REAME, J. C. MARSHALL and R. P. KELCH — 205 — Pulsatile LH secretion in women with premenstrual syndrome (PMS): evidence for normal neuroregulation of the menstrual cycle

R. T. JOFFE and A. J. LEVITT — 215 — Major depression and subclinical (grade 2) hypothyroidism

N. E. ALESSI, C. D. KNIGHT, J. T. BERGS and S. J. EISNER — 223 — A double-blind, placebo-controlled study of the effect of imipramine on TRH-induced urinary urgency in healthy men

M. N. RAITIERE — 231 — Clinical evidence for thyroid dysfunction in patients with seasonal affective disorder

Short Communications

I. M. MCINTYRE, T. R. NORMAN, G. D. BURROWS and S. M. ARMSTRONG — 243 — Melatonin, cortisol and prolactin response to acute nocturnal light exposure in healthy volunteers

M. NORDIO, D. CONTE, K. O. NONAKA, R. J. REITER and A. ISIDORI — 249 Failure to stimulate melatonin synthesis in the rat pineal gland with an adenosine analog

E. L. ABEL and P. J. BILITZKE — 255 Adrenal activity does not mediate alarm substance reaction in the forced swim test

P. GLUE, S. WILSON, G. M. CAMPLING, M. KNIGHTLY, M. FRANKLIN, P. J. COWEN and D. J. NUTT — 261 Alpha-2-adrenoceptor control of cortisol and ACTH in normal volunteers: preliminary open trial of the effects of acute and chronic idazoxan

J. D. STOEHR, C. P. CRAMER and W. G. NORTH — 267 Oxytocin and vasopressin hexapeptide fragments have opposing influences on conditioned freezing behavior

Book Reviews

L. DENNERSTEIN — 273 W. B. CUTLER and C.-R. GARCIA, *Menopause: A Guide for Women and the Men Who Love Them*

R. DANTZER — 274 J. MENDLEWICZ (Ed.), *Acquisitions en psychiatrie biologique*

R. DANTZER — 274 E. E. MÜLLER and R. M. MACLEOD (Eds), *Neuroendocrine Perspectives*

ISPNE Membership Form

NUMBER 4

Editorials

R. T. RUBIN — 277 The psychoneuroendocrinology of aging

G. VALENTI — 279 Psychoneuroendocrinology of aging: the brain as target organ of hormones

Reviews

F. BRAMBILLA — 283 Psychopathological aspects of neuroendocrine diseases: possible parallels with the psychoendocrine aspects of normal aging

T. F. SADOW and R. T. RUBIN — 293 Effects of hypothalamic peptides on the aging brain

B. M. SPRUIJT — 315 Effects of the $ACTH_{4-9}$ analog Org2766 on brain plasticity: modulation of excitatory neurotransmission?

A. R. HOFFMAN, S. A. LIEBERMAN and G. P. CEDA — 327 Growth hormone therapy in the elderly: implications for the aging brain

P. COHEN, I. OCRANT, P. J. FIELDER, E. K. NEELY, S. E. GARGOSKY, C. I. DEAL, G. P. CEDA, O. YOUNGMAN, H. PHAM, G. LAMSON, L. C. GIUDICE and R. G. ROSENFELD — 335 Insulin-like growth factors (IGFs): implications for aging

E. MARTIGNONI, A. COSTA, E. SINFORIANI, A. LIUZZI, P. CHIODINI, M. MAURI, G. BONO and G. NAPPI — 343 The brain as a target for adrenocortical steroids: cognitive implications

P. T. LOOSEN — 355 Effects of thyroid hormones on central nervous system in aging

R. S. SWERDLOFF, C. WANG, M. HINES and R. GORSKI — 375 Effect of androgens on the brain and other organs during development and aging

A. R. GENAZZANI, M. GASTALDI, B. BIDZINSKA, N. MERCURI, A. D. GENAZZANI, R. E. NAPPI, A. SEGRE and F. PETRAGLIA — 385 The brain as a target organ of gonadal steroids

J. E. MORLEY, J. FLOOD and A. J. SILVER — 391 Effects of peripheral hormones on memory and ingestive behaviors

G. VANTINI — 401 The pharmacological potential of neurotrophins: a perspective

U. SCAPAGNINI — 411 Psychoneuroendocrinoimmunology: the basis for a novel therapeutic approach in aging

Announcements — 421

ISPNE Membership Form

NUMBER 5

J. B. GREENHOUSE and B. W. JUNKER — 423 Exploratory statistical methods, with applications to psychiatric research

M. OROSCO, C. ROUCH, D. GRIPOIS, M.-F. BLOUQUIT, J. ROFFI, C. JACQUOT and Y. COHEN — 443 Striatal dopamine metabolism is differentially affected by insulin according to the genotype in Zucker rats: a microdialysis study

S. D. TARGUM — 453 Cortisol response during different anxiogenic challenges in panic disorder patients

H. MÜLLER, C. HIEMKE, E. HAMMES and G. HESS — 459 Sub-acute effects of interferon-α_2 on adrenocorticotrophic hormone, cortisol, growth hormone and prolactin in humans

D. FOLLI, A. MUTTI, M. TH. VAN DER VENNE, A. BERLIN, G. GERRA, S. CAVAZZINI, L. MANINETTI, R. CACCAVARI and P. VESCOVI — 467 Neuroendocrine response to psychological performance testing

R. G. LAESSLE, M. FISCHER, M. M. FICHTER, K. M. PIRKE and J.-C. KREIG — 475 Cortisol levels and vigilance in eating disorder patients

S. M. PHILLIPS and B. B. SHERWIN — 485 Effects of estrogen on memory function in surgically menopausal women

S. M. PHILLIPS and B. B. SHERWIN — 497 Variations in memory function and sex steroid hormones across the menstrual cycle

L. M. THOMPSON, R. T. RUBIN and J. T. MCCRACKEN 507 Neuroendocrine aspects of primary endogenous depression: XII. Receiver operating characteristic and kappa analyses of serum and urine cortisol measures in patients and matched controls

Short Communication

M. D. WARNER, H. GILLESPIE, S. N. PAVLOU, S. NADER and C. A. PEABODY 517 The effect of haloperidol on aldosterone secretion

Announcements 523

ISPNE Membership Form

NUMBER 6

Editorial

R. T. RUBIN 525 A fond farewell!

Statistics

H. C. KRAEMER 527 Reporting the size of effects in research studies to facilitate assessment of practical or clinical significance

Reviews

P. F. BRAIN and M. HAUG 537 Hormonal and neurochemical correlates of various forms of animal "aggression"

B. S. PETERSON, J. F. LECKMAN, L. SCAHILL, F. NAFTOLIN, D. KEEFE, N. J. CHAREST and D. J. COHEN 553 Steroid hormones and CNS sexual dimorphisms modulate symptom expression in Tourette's syndrome

H. C. WILSON 565 A critical review of menstrual synchrony research

Reports

R. KLEIN, M. BÄNSCH and P. A. BERG 593 Clinical relevance of antibodies against serotonin and gangliosides in patients with primary fibromyalgia syndrome

R. C. SCHIAVI, D. WHITE and J. MANDELI 599 Pituitary–gonadal function during sleep in healthy aging men

J. J. LEGROS, C. GAZZOTTI, T. CARVELLI, P. FRANCHIMONT, M. TIMSIT-BERTHIER, R. VON FRENCKELL and M. ANSSEAU 611 Apomorphine stimulation of vasopressin- and oxytocin-neurophysins. Evidence for increased oxytocinergic and decreased vasopressinergic function in schizophrenics

M. N. STARKMAN, D. E. SCHTEINGART and M. A. SCHORK 619 Discordant changes in plasma ACTH and β-lipotropin/β-endorphin levels in Cushing's disease patients with depression

C. S. POMERLEAU, A. W. GARCIA, O. F. POMERLEAU and O. G. CAMERON 627 The effects of menstrual phase and nicotine abstinence on nicotine intake and on biochemical and subjective measures in women smokers: a preliminary report

V. Coiro, R. Volpi, C. Marchesi, L. Capretti, G. Speroni, G. Rossi, G. Caffarri, A. De Ferri, A. Marcato and P. Chiodera	639	Abnormal growth hormone and cortisol, but not thyroid-stimulating hormone, responses to an intravenous glucose tolerance test in normal-weight, bulimic women
C. Carani, J. Bancroft, A. Granata, G. Del Rio and P. Marrama	647	Testosterone and erectile function, nocturnal penile tumescence and rigidity, and erectile response to visual erotic stimuli in hypogonadal and eugonadal men
K. Demyttenaere, P. Nijs, G. Evers-Kiebooms and P. R. Koninckx	655	Coping and the ineffectiveness of coping influence the outcome of *in vitro* fertilization through stress responses
V. Coiro, R. Volpi, A. Marcato, P. Bertoni, U. Cavazzini, G. Caffarri, L. Capretti, G. Rossi and P. Chiodera	667	Different effects of baclofen on LH and cortisol responses to naloxone in normal men
J. Assies, A. J. J. M. Vingerhoets and K. Poppelaars	673	Psychosocial aspects of hyperprolactinemia
A. Fernandez-Guasti and O. Picazo	681	Changes in burying behavior during the estrous cycle: effect of estrogen and progesterone
C. L. Ehlers, R. I. Chaplin and W. M. Kaneko	691	Effects of chronic corticosterone treatment on electrophysiological and behavioral measures in the rat
R. M. Sapolsky	701	Cortisol concentrations and the social significance of rank instability among wild baboons
R. de Beun, E. Jansen, R. P. W. Heinsbroek, J. L. Slangen and N. E. van de Poll	711	Intracerebroventricular LHRH may serve as a discriminative stimulus in male rats
Announcements	721
